---

The IIB's Foundation is celebrating their 17<sup>th</sup> year of providing thousands of Bosom Buddy Baskets as gifts to women going through the pain associated with breast cancer mastectomy surgery to ensure no woman faces breast cancer Alone. Unfortunately, Covid-19 has been difficult for many, including those experiencing breast cancer and The IIB's Foundation due to the difficult decision to cancel the last Golf Classic. There are many expenses connected with running the organization and they rely on fundraising events and donations. This year's event is especially important due to Covid-19 presenting many financial challenges! We thank you for your support of the Foundation and we hope to have a highly successful and well-attended event and are confident this will be an enjoyable day for all! We Need Your Help!

---

**Thank you for your support!**
